

A350-1 accelerometer

Hand-held Accelerometer with detachable cable.

Note: The older model A350 had an integral cable. The A350-1 now has a replaceable cable that attaches to the hand grip with a connector.

Technical Specifications:

mV/EU: 100mV/g

Temp Range: -65 to +250 degrees F

Sensitivity (+10%): 100 mV/g

Stud Mounted Frequency Range (+10%): 120- 300,000 cpm

Measurement Range: +-50g

Weight w/ cable: 15.5oz/ 440g

Dimensions (dia x ht): 1.125 x 5.50 in.
