

DASHBOARD MANAGEMENT

Use dashboards for easy monitoring of fleet alarms, alarms by division/depot, most recent alarms.

EQUIPMENT BUILDER

Equipment builder – add new equipment, archive old components and fit new.

Results import – Allows for easy import of lab data. Multiple lab capable and historical data upload options.

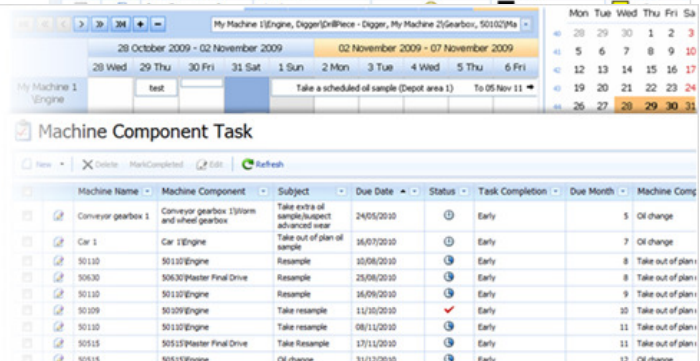

The Equipment Builder interface allows users to define machine components and their associated criteria. Key fields include:

- Name:** Generic
- Oil Sampling Frequency:** 400
- Machine Component Type:** Oil
- Criteria:** A list of criteria such as [Aluminium] >= 30.0f, [Chromium] >= 10.0f, etc.
- Machine Settings:** Component Watch Status (Off), Alarm Criticality (Satisfactory), Work Hours (1000), Name (My Machine 1), Machine Class (My Area).
- Alerts:** A table showing alert levels (Absolute up) and corresponding colors (Red, Yellow).

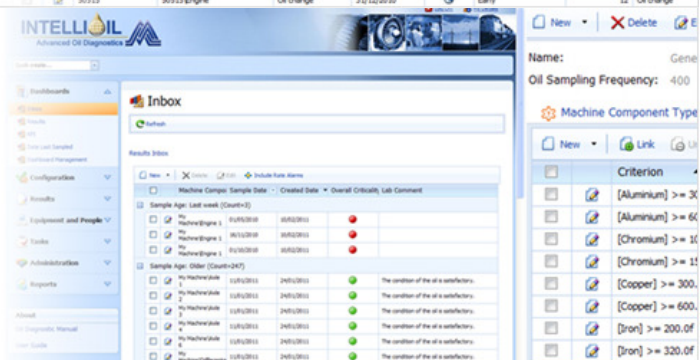

PLAN & ORGANISE

Tasks – Allocate tasks to equipment & People
Scheduler – Plan & manage oil sample schedules

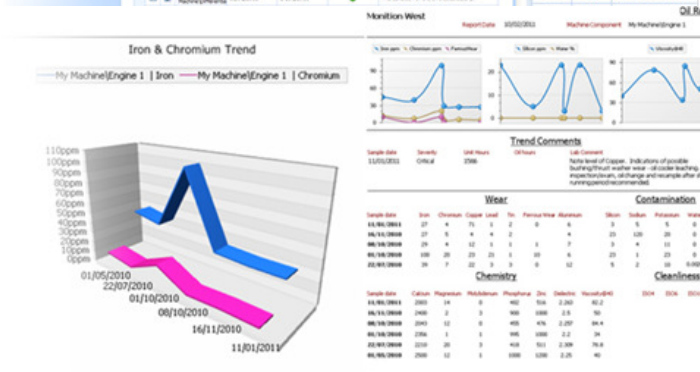

MANAGE RESULTS

Inbox – easy views to manage recently analysed oils.
Filters – filter by fleet, sites, machines, component types and more.

REPORT ANALYSE

Charts – Generate your own charts, tabulated data and trends.
Reports – Generate your own reports on demand.

Using Intelloil

- ✓ Inbox - Outlook style view to manage results recently imported
- ✓ Dashboards - Graphical views. Use dashboards for easy monitoring of fleet alarms, alarms by division/depot, most recent alarms, monitor tasks and scheduled samples
- ✓ Unlimited users
- ✓ Add custom alarms
- ✓ Add custom auto-comments
- ✓ Equipment builder - Add new equipment, archive old components and fit new
- ✓ Filter fleet by sites, machines, component types, sets and vehicles
- ✓ Equipment quick search
- ✓ Generate your own reports on demand
- ✓ Use template report formats or ask Monition for custom reports
- ✓ Generate your own charts, tabulated data and trends
- ✓ Import schema allows for easy import of lab data (No loss of historical data)
- ✓ Use multiple labs and import into one web host
- ✓ Monition support - Phone, email, remote, site
- ✓ Committed to constant improvement (Monition have no issues with a third party software supplier)
- ✓ In-house and external software development support for maximum up-time
